

Understanding Diversity, Equity, and Inclusion

September 2022

In Brief

The societal and cultural shifts in the last few years have made the business case for diversity, equity, and inclusion (DEI) stronger than ever before. Diversity is not a choice but whether to lead it in an inclusive way is. This program gives you tools to assess and develop your own organization's diversity, equity, and inclusion practices and ambitions. The insights from the program will support you in building an inclusive and respectful organizational culture. During the program, you will also work on your personal Emotional Intelligence development plan, reflecting on yourself as an individual and leader. You will learn to better understand unconscious biases versus culturally smart attitudes and to make conscious adaptations in your own communication and behavioral style.

Contents

Program Fee

Early Bird fee until June 20, 2022

SGD 1305

From June 21, 2022, onwards

SGD 1450
